Active Vehicle Dock (9-36V) Pokini Tab A10, A10B

Secure Grip, Always Charged.

Our active mount provides a robust and reliable mounting solution for your Pokini Tab A10 or A10B. With its integrated charging function and a wide input voltage range of 9-36V, your tablet stays powered up wherever you go. Its VESA compatibility allows for easy mounting on various-sized brackets, and all interfaces except the docking port are easily accessible. Specifically designed for Pokini Tab A10 and A10B models, this mount ensures an optimal user experience.
