Vehicle Dock (active) Pokini Tab K11

Security and stability for your tablet on the go.

Our ergonomically designed vehicle mount for the Pokini Tab K11 offers a stable and secure solution for mounting your tablet. Constructed from high-quality ABS plastic in black, it is durable and resilient. With a variety of interfaces, it allows for flexible connectivity to other devices. VESA-100 compatibility ensures easy mounting on various brackets. Compatible with various accessories such as handstrap and RFID module, it offers tailored usability. Certified according to DIN EN 1789 for medical vehicles, it meets stringent safety standards. Please note that it is not compatible with an extended battery.
