## Vehicle-Dock Pokini Tab K10

light, versatile, easy to install

Our elegant car/vehicle mount provides a secure solution for your tablet. With the car charger and cigarette lighter plug, you can conveniently charge your tablet on the go. The lockable design and vibration-resistant construction ensure theft protection and stability. Versatile interfaces allow for flexible connectivity options, while the VESA 75 mounting capability offers easy installation. Please note that the mount is only compatible with the 7th/8th tablet CPU generation.

### Technical data

Page 1 / 2
