# Cyberpower VP700ELCD Schuko

## 700VA/390W

The Cyberpower Value Pro Series provides office and home office users with reliable battery backup, protecting PCs and other electronic devices from power surges, spikes, brownouts and other disturbances from the power supply.

### Technical data

Name	VP700ELCD
Manufacturer	Cyberpower
Design	Tower
Technology	Line Interactive
Input voltage (Vac)	230 ± 10%
Rated input current (A)	3.04
Input connector type	IEC C14
Power (Va)	700 (VA)
Power (Watt)	390 (Watt)
Outputs	4
Output connector type	Schuko
Switching time	4
LCD displays	Yes (Operating Mode, Power Indicator, Battery Status, Load Status, Errors & Warnings, More Information)
LED indicators	Yes ( Operation status)
Audible alarms	Yes (Battery operation, Low battery status, Overload, UPS fault)
Dimension (WxHxD) in mm	100 x 227 x 260
Warranty period	3 Jahre (Batterie 3 Jahre)

### Highlights

- Simulated sine wave output
- LCD status display
- USB communication port
- Serial communication port
- Energy saving technology
- Automatic voltage regulation (AVR)
- High-speed Ethernet data transmission
- Overvoltage and lightning protection
- PowerPanel management software
