Vehicle mount with stranded wire Pokini Tab Z10

Security on the go, always with you!

Our vehicle mount with lead cable for the Pokini Tab Z10 offers an ergonomically designed solution for on-the-go use. Crafted with high-quality ABS/Acetal plastic construction in sleek black, it ensures durability and reliability. Featuring a locking mechanism, it provides added security for your tablet. The active variant allows for continuous power supply using the cigarette lighter socket. Suitable for vehicles with 12-24V (cars/trucks), it's versatile for various settings. Compatible with AMPS and VESA 75, it facilitates easy installation. Backed by a one-year bring-in warranty, it ensures peace of mind for your investment.
