Abschließbare passive KFZ-/Fahrzeughalterung for FS12L

Security on the go – always with you, always protected!

The lockable passive vehicle mount for the Pokini Tab FS12 provides a secure and stable mounting solution for your tablet, perfect for use in vehicles. Crafted from high-quality ABS plastic in black, it offers durability and resilience. With its lockable feature, you can securely attach your tablet and prevent theft. The passive design ensures easy installation and compatibility with VESA 100 mounts. Additionally, it is also compatible with the Top Handle and X-Strap/Backstrap, enhancing its versatility.
