Lade-/ Dockingstation FS12L

The ultimate docking solution for your Pokini Tab FS12L!

The tablet charging and docking station for the Pokini Tab FS12L offers a convenient all-day solution, featuring an integrated battery charging slot on the back, which also serves as a charging station for a spare battery. Equipped with interfaces, it provides comprehensive connectivity. The LED battery status indicator allows for easy monitoring of the battery level. The docking station is not compatible with the FS12-K and older models, but it offers the possibility of UEFI PXE boot.
