exone AIO 24" Touch 5303

i5-10210U W11Pro

The exone AIO solution - flexible & ready to go!

The exone® AIO 24" with touch technology is the ideal all-in-one solution to free up space. It is the perfect desktop replacement - high-performance, quiet in operation, user-friendly, extremely flexible due to movable stand for various angles and with the latest technology.

It offers easy and intuitive use between applications and significantly increases productivity.

In addition, the exone® AIO 24" comes as an out-of-the-box plug & play solution from exone®. We have optimized and pre-installed the cable management so that they only need to connect two plugs to the mains and can get started immediately.

The front of this all-in-one PC is protected against dust and water jets according to IP65, which also makes it a real rugged PC.

The exone® AIOs from this series bring with them many possible uses. They can be excellently used in the office, reception area, as cash register systems in retail or in gastronomy.
